- work rated as equivalent under a job evaluation scheme; or
- work of equal value.

Gender Pay Gap Report 202

Lineage UK Warehousing Limited

Lineage UK Warehousing Limited is committed to the principle of equal opportunities and equal treatment for all employees, regardless of sex, race, religion or belief, age, marriage or civil partnership, pregnancy/maternity, sexual orientation, gender reassignment or disability. It has a clear policy of paying employees equally for the same or equivalent work, regardless of their sex (or any other characteristic set out above). As such, it:

- carries out pay and benefits reviews at regular intervals;
- provides equal pay training for all managers and other staff members who are involved in pay reviews; and
- evaluates job roles and pay grades as necessary to ensure a fair structure.

Lineage UK Warehousing Limited is therefore confident that its gender pay gap does not stem from paying men and women differently for the same or equivalent work. Rather its gender pay gap is the result of the roles in which men and women work within the organisation and the salaries that these roles attract.
